Multiple Property Project Form Guidelines

Please use RAPCA's Multiple Property Project Form when submitting notifications for projects with more than one property address

Originals

- Each project must be given a specific name, which must appear on the *Building Name* line in **Section II** and on the *Project Name* line of the Multiple Property Project Form
- All sections of the Multiple Property Project Form must be filled out for the notification to be considered complete
- *Total* asbestos amounts must be included in **Section VII**. Amounts for individual properties must be listed on the Multiple Property Project Form
- Please list the earliest start date and the latest end date in Sections VIII and IX
- On the Multiple Property Project Form, Building Type can be abbreviated R (residential), C (Commercial), or S (School)

Revisions

- Revisions must be submitted when activity changes occur for *any* of the listed properties
- Revisions for individual properties should include the Ohio EPA Notification of Demolition and Renovation and the Multiple Property Project Form.
- Revisions may be submitted to RAPCA via fax at 937-496-3317
